

# The **LITTLE WONDER**<sup>®</sup> Pro Crack Cleaner

# CLEARING THE WAY

# TO A **QUALITY FINISH**

## Adjustable Front Wheels

Can be raised and lowered to adjust to uneven surfaces while the brush keeps clearing.

## Dual Belt Drive

Translates into more power and double the grip to minimize slippage. Belts will last longer increasing the longevity of your unit.

## Long Lasting Wire Wheel

Heavy-duty 9" wire wheel ensures professional, quality crack cleaning.

## Easy to Maneuver

Lightweight and low center of gravity, increases maneuverability and makes it easy to load and unload.

## Convenient Controls

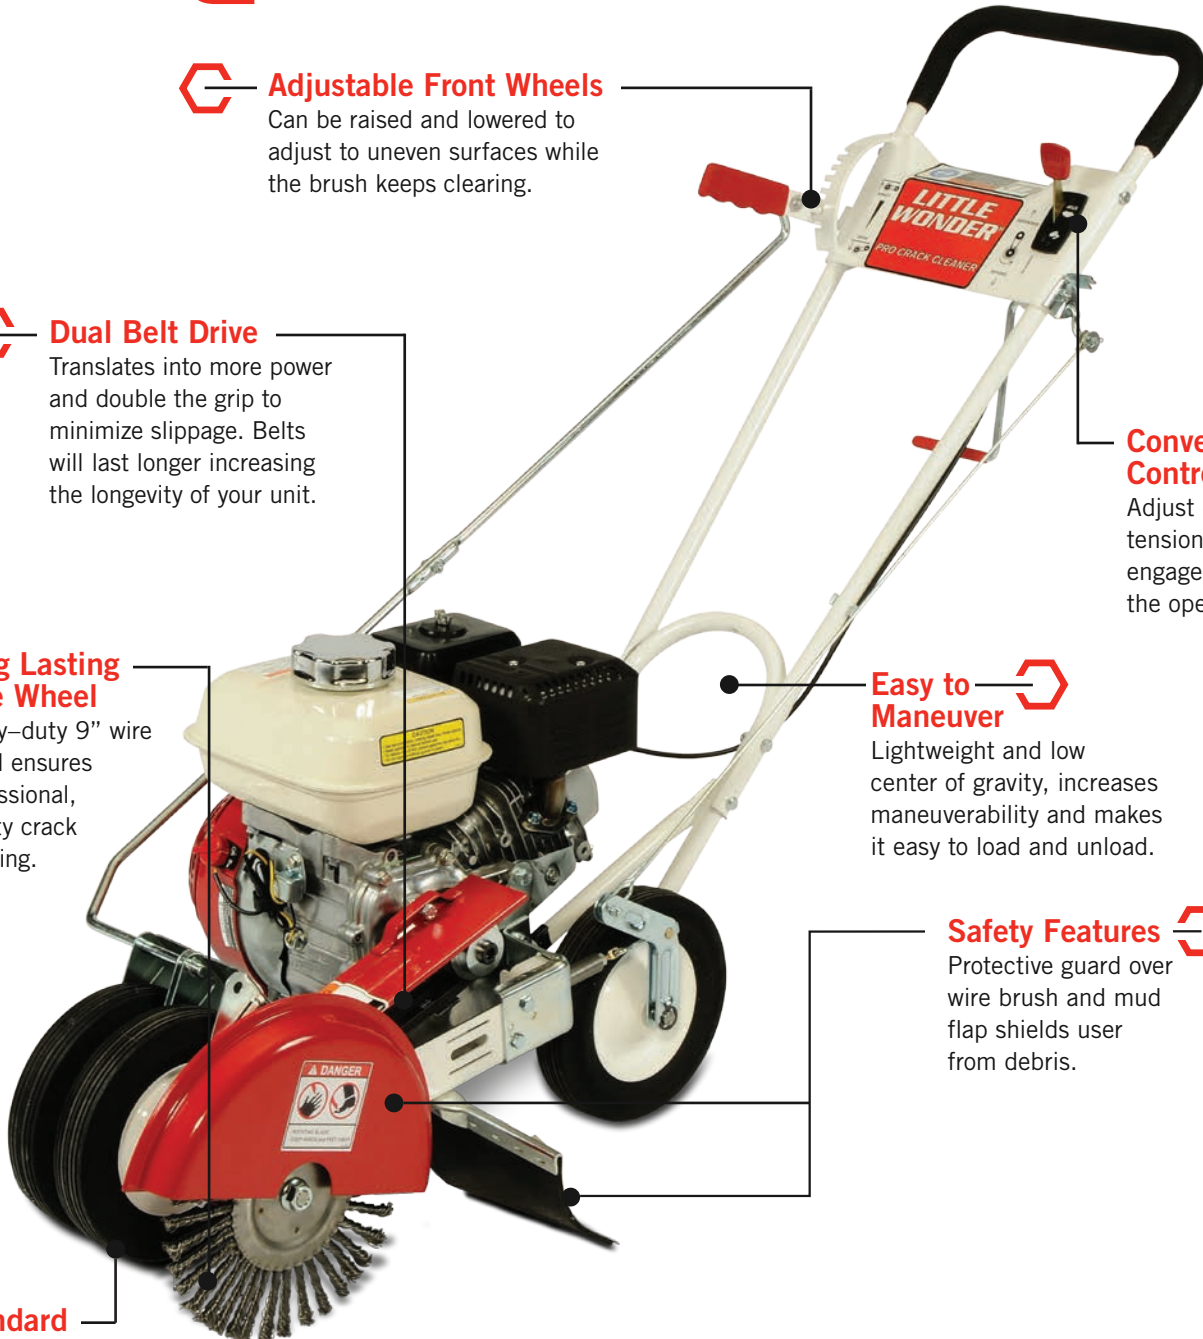

Adjust depth, belt tension, and brush engagement all from the operator's position.

## Safety Features

Protective guard over wire brush and mud flap shields user from debris.

## Standard 4-Wheels

Great balance, stability and steering with 4 standard wheels.

Professionals Demand Little Wonder.™

Visit [littlewonderpaving.com](http://littlewonderpaving.com) to learn how Little Wonder products can save you time and money!

The **LITTLE WONDER®** Pro Crack Cleaner is a dedicated unit designed to clean cracks and crevices in asphalt and concrete surfaces. We understand that clearing away debris and undergrowth is extremely important before laying down crack filler and applying sealant. Using the Pro Crack Cleaner will save you time and allows for a more professional longer lasting crack fill and sealant application.

The twisted spring steel wire wheel (p/n 4046) is extra durable, and the choice of many contractors in the paving industry.

Four-wheel design provides extra stability and eliminates the need for a curb wheel. All wheels have steel hubs with ball bearings and full axles for smooth and easy maneuverability.

To accommodate taller operators, an extension handle kit (p/n 970389) is sold separately to increase the height of the unit. The standard handle will work perfectly for operators 6'1" and under.

<b>MODEL NUMBER</b>	<b>6236-00-01</b>
<b>ENGINE</b>	Honda® GX120
<b>DISPLACEMENT</b>	118cc
<b>HANDLES</b>	Anti-Vibration Grips; Extension Handle Optional
<b>CAST IRON CUTTER HEAD</b>	Fixed
